

Our brief behavior rating scale offers a snapshot of socially skilled and challenging student behavior

HOW DOES THE BEHAVIOR RATING SCALE WORK?

Teachers sign in to the SELweb platform and select BEHAVIOR RATING SCALE. They will see a list of students and will rate them on a scale of 1 to 5 for socially skilled behavior first and then problem behavior second.

HOW DOES THE RATING SCALE COMPLEMENT SELweb?

The behavior rating scale provides an overall picture of observable behaviors that are not directly measured by SELweb.

HOW CAN THE RATING SCALE SUPPORT EDUCATIONAL PRACTICE?

The behavior rating scale helps educators implement behavior management approaches that build on students' strengths and address students' needs.

WHAT DO THE RATING SCALE REPORTS INCLUDE?

Reports are web-based and show data at the classroom level. Colors represent a combined rating and numbers indicate how many students are in each rating zone.
