

Supporting teacher success and students' social-emotional development with quick, reliable, and easy-to-use SEL assessments

- ✓ Data to guide SEL teaching and learning
- ✓ SEL program outcome evaluation
- ✓ Common language for SEL measurement
- ✓ Baseline SEL needs assessment
- ✓ Universal screening for multi-tiered supports

COMPETENCE

SELweb directly assesses key social-emotional skills in grades K–6. Assessment modules are brief, engaging, narrated and illustrated. In addition, our Student Competence Survey for grades 7-12 provides insights on middle and high school students.

BEHAVIOR

Our brief behavior rating scale offers a snapshot of socially skilled and challenging student behavior. Two items per student yields a behavioral profile of your classroom and data you can use to support a healthy and productive classroom.

CLIMATE

Our brief climate survey provides a snapshot of how students see key conditions of learning, including student sense of safety, belonging, and instructional support. Understanding school climate is critical to SEL implementation and effective teaching and learning.
